

# St Laurence FLC Newsletter Term 1 2025

# *A Message from the Head of Campus*

# Clean Up Australia Day

# Easter

# Easter

# Harmony Week

# Tim Crackenthorpe Visit

# Pelicans

## Year 9 Class

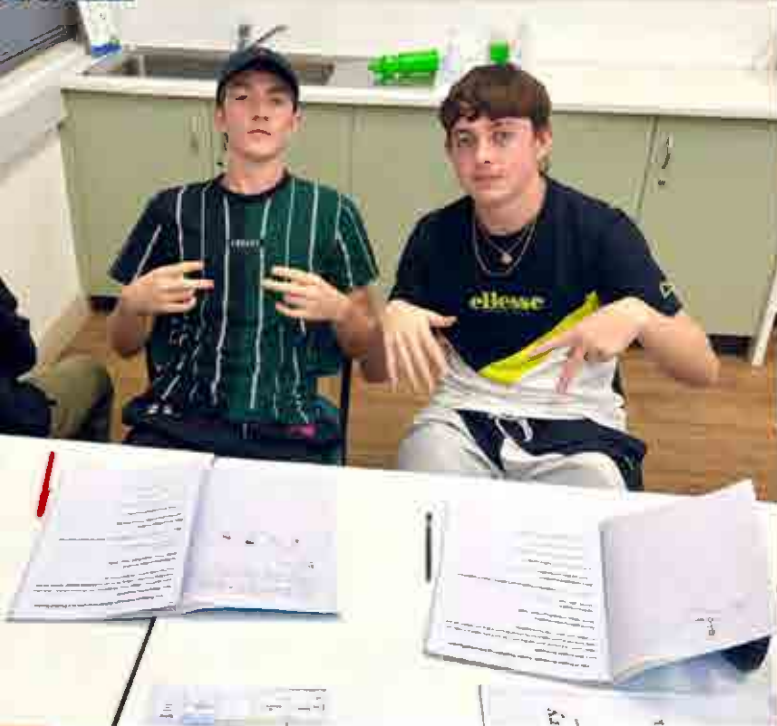

### Leeni

My favourite subject is Art because I got to express myself creatively and talk to other people who share the same interest. I have also learnt about renewable and non-renewable energy sources. St. Laurence is different to other schools because they have a chef, they focus on the students needs and they are all really nice teachers.

# Turtles

## Year 10 Cert/RoSA Class

**Zane**

I am a member in the Turtles class

This semester I have learnt about science, maths, English & history. My favourite subject is maths because it is easy. In science I learnt that bananas are explosive and so is compost. St Laurence is better than other schools because there is not as many students and we get more support in class. My favourite thing about this term was the free food.

# Dolphins

## Year 10 RoSA Class

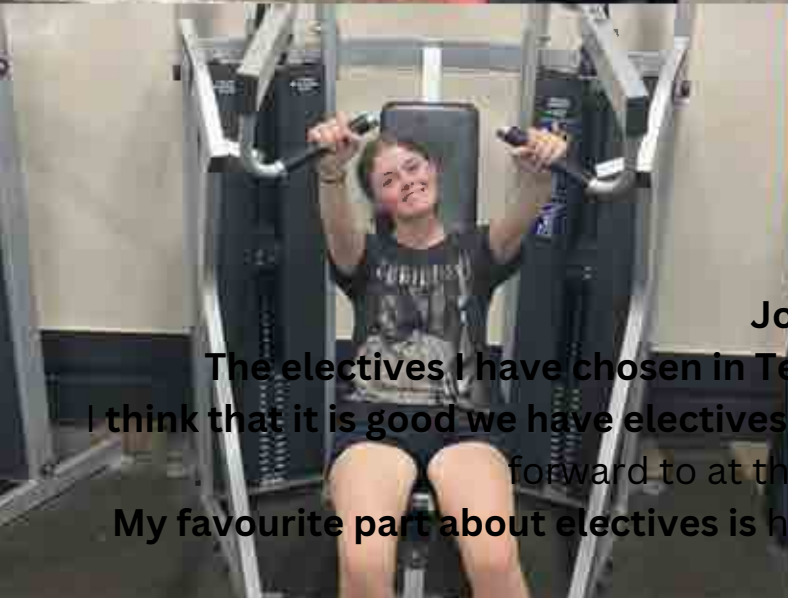

### Christina

This semester we have learnt Trigonometry, History of Human Rights, The Difference between Alliteration & Assonance, Understanding the Periodic Table & Online Safety. My favourite subject is Maths because it is super versatile & I find it interesting. St Laurence is different from other schools because of the flexibility and understanding of people's situations. It feels more like a community than a school where any student can contribute an opinion and is listened to.

# Electives

Josh

The electives I have chosen in Term 3 are Craft, Pickleball and Art  
I think that it is good we have electives because they give us something to look forward to at the end of the day

My favourite part about electives is hanging out with friends and having fun

# Effectiveness

# Culture

# Birthdays

# Where are they now?

## News from former SLFC students

My name is Hannah Stillie.  
I started at St Laurence in January 2023

St Laurence was a school that encouraged and supported me to be myself. Creating a warm and welcoming environment. Making every challenge feel achievable which helped me grow and learn, not just academically, but as a person, helping ignite my passion for learning.

I am now attending year 11 and 12 at Callaghan Senior Campus.
